To: All young colleagues

About the IFCC-TFYS

International Federation of Clinical Chemistry & Laboratory Medicine (IFCC) has assembled Task Force Young Scientists (TF-YS) in 2010. The aim of TF-YS is to ensure that young scientists make a significant and growing contribution to the activities of IFCC and other National programmes. This is to promote the essential contribution of laboratory medicine to the healthcare. Thus, IFCC-TF YS is devoted to prepare young scientists with ongoing changes in laboratory medicine and healthcare practices. The specific objectives were identified as Networking, Training, Participation & Multidisciplinary exchanges of different fields & different ideas. For more information, kindly visit the webpage:

Call for Survey

YS constitute a vast pool of global talent that have the energy to change geography of knowledge in fundamental ways. Thus, we are approaching you related to the survey which IFCC-TFYS wishes to carryout in order to know, communicate and share about the diversity of YS worldwide.

Kindly login to complete the survey:

https://docs.google.com/forms/d/1eXJQvejlC7okeQmedf2ZTuwcJCuK9NljsTtrmXanXXM/viewform?usp=send_form

Objectives of Survey

This survey is proposed to be conducted 1) to have the preliminary knowledge of young colleagues around the world, 2) to share the database knowledge and 3) to focus our energies and limited resources to support YS for need base programmes. All the young colleagues are encouraged to participate in the activities of IFCC-TFYS.

Dr Pradeep Kumar Dabla
Chair IFCC-TF YS
